CURSES HURLED AT EMPEROR SPEAKING IN LEAGUE CHAMBER

Riotous Disorder Arises When Heckling and Fighting in Galleries Interrupt Selassie in Reproachful Speech in Which He Denounces Italian War Methods—Demonstrators Jailed

GENEVA, June 30 (AP).—Riotous scenes of cursing and fighting in the galleries shattered the dignity of the League of Nations Assembly tonight when black-robed Emperor Haile Selassie charged: "You deserted us to Italy."

Police were called in to restore order after a chorus of heckling and curses greeted the Emperor when he rose to make a final, dramatic plea for aid.

A BITTER REPROACH
It was almost ten minutes before police restored order and the Emperor was allowed to resume and bitterly tell the League members:

"God and history will remember your judgment!"

Persons alleged to be Fascists started the tumult, shouting curses at the Negus in Italian, French and Spanish. Fighting broke out when League attaches tried to restore order. Only when police came and ousted the hecklers was calm restored.

Later, the Emperor said what he had to say, calmly and fully. "I could not believe that fifty-two nations—among them the most powerful in the world—could be defeated by a single aggressor," he said sorrowfully.

FIGHTING OTHERS' CAUSE
"In this struggle I have been fighting the cause of all small countries against the greed of a powerful invader."

Demonstrators in the galleries were hustled away to jail in handcuffs. They will be held pending investigation of the manifestation.

Foreign Minister Nicolas Titulescu of Rumania, furious at the commotion, stood on his chair and, turning

Western Canada Air Mail Service To Start About January 1

VANCOUVER, June 30 (AP).—An air mail service between Vancouver and Winnipeg will probably start by January 1, Hon. Ian Mackenzie, Minister of National Defence, told members of the Vancouver Board of Trade Council today.

"An appropriation has been made by the Federal Government which it is hoped will enable it to establish an air mail service from Winnipeg to Vancouver by the first of next year," Mr. Mackenzie said.

He assured the council that an entire trans-Canada service would be inaugurated as soon as possible.

TWO PARTIES TO ATTEMPT CLIMB

Four Americans Arrive in Vancouver on Way to Mount Waddington on Knight Inlet

VANCOUVER, June 30 (AP).—Four internationally-known mountaineers, Fritz H. Wessner, of New York City, leader of the group, William P. House of Pittsburgh, and Allan Wilcox and Elizabeth D. Woodcock, of New Haven, Conn., tonight rested here before their climb to Knight Inlet, where they will make their way inland in an attempt to scale the mighty 13,360-foot Mount Waddington.

The party will leave by steamship tomorrow morning.

At the same time an advance party of the British Columbia Mountaineering Club and the Sierra Club will start to boat for a separate attack on the peak.

WOMAN SHOT MYSTERIOUSLY ON THE BEACH

SEATTLE, June 30 (AP).—Police headquarters said a woman identified as Mrs. Theodore E. Stevens, widow of a state patrolman killed by bandits last November, was shot under mysterious circumstances on Port Laxton Beach tonight, and is in a critical condition.

J. E. Mooney, street-car motor-man, with her at the time of the shooting, was arrested.

Two boy witnesses said the woman placed a revolver against her head and pulled the trigger as the man stood beside her.

DR. F. P. PATTERSON CHOSEN CONSERVATIVE PARTY LEADER

Successor to Hon. S. F. Tolmie Wins on First Ballot in Three-Cornered Contest With R. L. Maitland and Herbert Anscomb—Purpose of Party Is "Sanity, Soundness and Economy"

Robt. A. Wootton Takes Office As President of Association

VANCOUVER, June 30.—Dr. Frank P. Patterson, two years president of the British Columbia Association, was elected provincial leader of the Conservative party in British Columbia last evening, at an open convention, winning 266 ballots out of 389 cast in a three-cornered contest with R. L. Maitland, K.C., and Herbert Anscomb, M.P.P. The election was made unanimous.

The choice of a leader came at the end of a two-day convention, which demonstrated a vigorous revival of the Conservative party and, still more significant, its refusal to entertain any talk of coalition.

One other name was placed in nomination, that of Ralph W. Bruhn, M.P.P., from Salmon Arm. Mr. Bruhn withdrew from the nomination on the ground that he had advocated union of old line parties, a course he forthwith reiterated and which the convention met with roars of "No."

All three men, however, the convention decided, were to be considered for the position of leader of their party, received approval and endorsement. Each stressed the opportunity before them. The Conservative Party to foster an era of sound economical development for the province together with the improvement of the masses of the people and restrictions which had, they said, nearly throttled all private endeavor.

Released from the party's endorsement of the late Sir James H. Ross, the convention decided to elect Dr. Patterson to the first ballot, which was immediately made unanimous at the motion of Mr. Maitland, seconded by Mr. Anscomb. During the balloting all three candidates laughed and related incidents in an amiable way.

The convention closed at 11:30 p.m. for an hour, later hearing Dr. Patterson, R. B. Bennett, Premier of British Columbia, and others.

At the afternoon session the delegates endorsed the Federal Conservative Party, and the British Columbia Conservative Party.

ARE HARASSED ON TWO SIDES

Nanking Government Beset By Demands of Japanese And Southern Chinese

SHANGHAI, June 30 (CP-Havas).—Japanese demands and fractious Southern Chinese military leaders harassed the Nanking (Central) Chinese Government on two sides tonight.

Advance contingents of Kwangsi troops marched into Kiangsi in Nanking-controlled Hunan Province in the Southwest, after a brief clash with Central Government troops, the Domei (Japanese) News Agency reported in dispatches from Canton.

Kwangsi and the neighboring Province of Kwangtung are controlled by Canton.

DEMAND EVACUATION
Reports from Peiping stated that Japanese military authorities had demanded the evacuation within twenty-four hours of all Chinese troops from the Fengtai Railway Station outside of Peiping. The demand followed the alleged mishandling of a Japanese civilian by soldiers of the 29th Army of Gen. Sung Chen-Yuan, head of the Semi-Autonomous Hopei-Chiang Province.

A detachment of 200 Japanese soldiers arrived at Peiping from nearby Tientsin.

Kiangsi, reported taken by Canton, is a town about forty-two miles north of the Kwangsi frontier. It was reported captured by Kwangsi forces at the beginning of Canton's dispute with Nanking over allegedly weak-kneed policy toward Japanese aggression in China. The Kwangsi forces later were said to have evacuated the city following appeals for unity from the Central Government.

Exploration Ship Is Reported Safe

OSLO, Norway, June 30 (AP).—Sir Robert Wilkins' veteran Polar exploration motorship Wyatt Earp, for which a search was ordered last night by President Roosevelt today, was reported safe.

The ship, unreported for twelve days on a voyage from New York to Norway, was said by the Norwegian liner Stavanger to have given her position as 46 degrees north latitude 40 degrees west longitude.

Zioncheck Is Refused His Air Passage

CHICAGO, June 30 (AP).—Graham Marion A. Zioncheck's plans to switch from train to plane here on his trip home to Seattle, Wash., went awry tonight when Northwest Airlines declined to take him as a passenger.

After considerable discussion over the refusal, the congressman boarded an airplane and was sped to the Union Station to board a train.

P. J. Bixler, division traffic manager for the airline, said the inconvenience to Zioncheck was caused purely by the problem of excess weight in the

Hollywood Team of Cricketers Arrives For Holiday Games

Headed by C. Aubrey Smith, Famed Character Actor, Visitors Prove Friendly and Interesting—Have Big Social Programme to Fill

EACH distinctive in his own way and all interesting, the Hollywood Cricket Club team greeted Victoria yesterday morning and laughed aside apologies for the weather as made by Ainsley Helmcken, secretary of the Victoria and District Cricket Association, who welcomed them to the city.

C. Aubrey Smith, popular character actor, is leader of the team, which includes Nigel Bruce, Frank Lawton, Claude King, T. Freebairn Smith, Sandy Mann, John Williams, Dr. Clifford Severn, Eugene Walsh, N. P. Dracopoli, Joseph Drury, Fred Leehindorf, Frank Mills and Samuel Mills.

Errol Flynn, hero of the motion picture, "Captain Blood," will arrive here today by plane in time to play in the first of the two games between the Hollywood and Victoria cricket teams. H. B. Warner and "Pat" Somerset were unable to come, the former being taken ill and the other being conscripted into making a new picture.

HAVE BUSY DAY
From the Seattle boat they went to the Beach Hotel. In the afternoon they visited the Parliament Buildings and were extended an official welcome to British Columbia by Premier T. D. Pattullo. Later they called at Government House.

This evening they will be the guests of Col. A. A. Sharland at his home, and tomorrow morning they will visit the home and gardens of Mr. and Mrs. R. P. Butchart. Tomorrow night at 7 o'clock they will be honored at a joint dinner of the Victoria and District Cricket Association and the Canadian Club in the Empress Hotel. Later that night they will attend a dance at the Royal Victoria Yacht Club.

The many Victorians who met the visitors yesterday were delighted with them. Those who have made names for themselves on the screen and stage are devoid of affectation, showing themselves to be modest but eager, and the other members of the team are equally pleasant. Mr. Smith, known as "father of cricket in California," holds a high place in the esteem of his club-mates. Through his efforts, four playing fields have been established in Los Angeles and twenty-four clubs have been formed in Southern California. The universities, too, are forming clubs.

Mr. Bruce, also an actor of wide experience, is the life of the party and keeps the team in good spirits. Mr. King is secretary of the Hollywood Cricket Club, and in his pleasant way has been a great help to Mr. Smith in advancing cricket in the South. He accompanies the team as umpire.

Frank Lawton, rising star in Hollywood pictures, is the personification of youth. He learned cricket in England.

Fifty-one excited young Victorians will go Thursday to Olinz Lake, Sooke, where they will enter the Y.M.C.A. Summer camp for a week. The youngsters fill the list of needed registrations for the first week of the camp, but Frank Paulding, general secretary, reported yesterday a few vacancies for the second week still exist.

The camp, situated as it is in the beautiful country near Sooke, is ideal for an outing, and with the programme of sports and recreation planned, the youngsters should have one of the best times they ever had. IDENTIFY BODY AS MISSING BOY

Recognize Garments Taken From Remains as Those of Cedric Archer, of Esquimalt

From articles of clothing, parents and police definitely established identity of the badly decomposed body found floating yesterday between Macaulay Point and the breakwater as that of Cedric Archer, fourteen-year-old son of Mr. and Mrs. J. W. Archer, 1404 Esquimalt Road, who disappeared on May 26 and whose home-made kayak was found returned and smashed against the rocks on Esquimalt waterfront.

As there are no witnesses, an inquiry instead of an inquest will be held. Esquimalt Police Chief H. W. V. Pecknold said last night. The remains are resting at McCall Bros' Funeral Home, where they were taken on the instructions of Coroner Dr. E. C. Hart, after being removed from the water by Provincial Constables P. H. Brown and G. Davis.

PLANS FLIGHT FROM ALASKA

Pilot Russell E. Owen Will Make Long Trip in Automobile-Motored Plane

ANCHORAGE, Alaska, June 30.—Pilot Russell E. Owen, of Spokane, studied navigating charts of two alternative routes for a non-stop flight planned for July 4 from here to Seattle, en route to Washington, D.C., in an automobile-motored airplane.

The "flying automobile" was christened "Se-As-Ka" with a liberal baptism of champagne administered by Virginia Berg—Miss Alaska.

Owen's flight is planned as a demonstration in behalf of expanding air mail service for the territory. Owen plans to hop from here near midnight July 3. The total distance to Seattle, via the open sea route, is 1,516 miles; the alternate shoreline route is 1,540 miles.

Yachtsmen Are Warned By Master

VANCOUVER, June 30.—Yachtsmen, like automobile drivers, will have to observe traffic rules in the future, Commander A. H. Reid, R.N.R., harbor master, said today.

Violators of the port regulations will be prosecuted, Commander Reid said. Those convicted will be liable to a fine of up to \$500, or thirty days in jail.

Responsible and heedless operating of yachts has led commercial deep-sea shipping to complain, and Commander Reid's action has the full authority of the Department of Marine.

The liner is carrying a fairly heavy cargo, of which 1,475 tons are for delivery in Vancouver, Victoria and overland Canadian points.

At Vancouver the ship will set down 403 bales of raw silk to be transhipped to the Great Northern silk train for delivery to Eastern mills.

Included among the ninety-one passengers are six cabin-class, sixteen tourist and fourteen steerage passengers for Canadian points, and fourteen cabin class, eighteen tourist class and twenty-three steerage for Seattle.

TOKYO, June 30.—The stranded American oil tanker Magnolia was reloaded today with the help of the salvage boat Yusho Maru, the Dojima (Japanese) News Agency reported.

The Japanese ship Kougo Maru was standing by the vessel, which ran onto rocks near Moppe, Korea, Saturday, to lend any necessary aid.

STREAMLINED ENGINE READY

C.N.R. Locomotive Will Be Able to Travel Over 100 Miles an Hour

MONTREAL, June 30.—Railways, like kings, quintuplets and other famous personages, have their big days and state occasions, and thus July 1 marks the thirty-sixth anniversary of the first running of the International Limited train of the Canadian National Railways, which has been in continuous operation between Montreal and Chicago since July 1, 1900, and is still going strong.

During the thirty-six years the International Limited has traveled 27,916,149 miles, carrying approximately 2,573,000 passengers on its 36,208 trips. Over part of the route there are severe winter conditions of frost and snow, which render steaming difficult, and yet, despite this annual handicap, the train has a record 82.3 per cent in "on time" performances during the entire period.

An International Limited starts every afternoon from Montreal, its opposite number leaving Chicago the same evening. Each train traverses 89 miles between terminals. This train maintains an average speed of more than eighty miles per hour and there is a record of eighty-seven miles per hour clocked off on certain portions of the line.

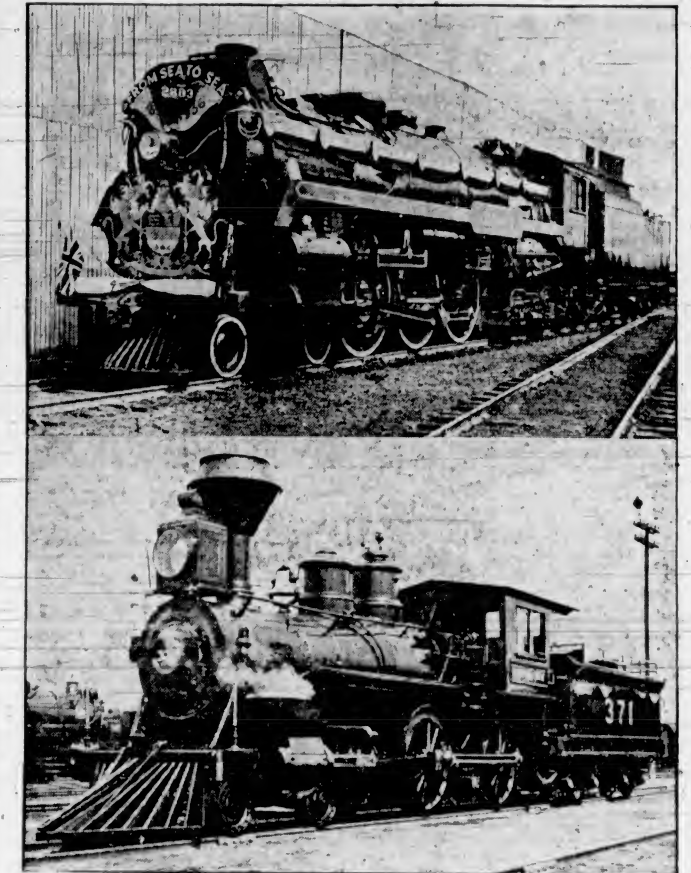

Locomotive No. 6400, the largest streamlined steam locomotive in the world and Canada's first streamlined engine, recently delivered to the National system for test runs, is expected to have the distinction of hauling the International Limited.

The scarlet, gold and olive-colored streamliner will not have the slightest difficulty, however, in maintaining the operating tradition of this famous train, since the new mammoth of the rails is capable of a speed of more than 100 miles per hour.

BAR GOLD AT LONDON

MONTREAL, June 30.—Bar gold in London down 1 cent at \$34.94 in Canadian funds, 138 1/2 in British funds. The fixed \$35 Washington price amounted to \$35.08 in Canadian funds.

C.P.R. Engines Fifty Years Ago and Now

With all Canada saluting the Canadian Pacific Railway's anniversary train as it crosses Canada from Montreal to Vancouver, arriving at Vancouver July 2, fifty years after the day after the first crossing of the Dominion by rail in 1886, the above pictures of locomotives, then and now, has special interest. At top is a view of No. 2803, all decked out with bunting and shields of the Dominion and Provinces, as she appeared in Montreal recently. This engine was selected to take the anniversary train out of Montreal on its triumphant march across Canada, to be welcomed at Port Arthur, Winnipeg, Regina, Moose Jaw, Calgary and Revelstoke by civic officials and pioneers. All along the line the engines will be decorated like No. 2803. At bottom is No. 371, replica of the engine which W. H. Evans, of Vancouver, drove into Port Moody at the head of the first train from Montreal to the Pacific, July 4, 1886. The old engine will be used in the Port Moody celebration of the first train, July 3, pulling a train of six ancient but reconditioned cars into Port Moody for a colorful re-enactment of the arrival fifty years ago. The old engine was reconstructed in the Vancouver shops for this purpose. Vancouver will welcome the anniversary train from Montreal at 9 a.m., July 2, Mayor G. G. McGeer speaking for the city, and Premier T. D. Pattullo for the Province.

SHIP SUBSIDIES TO BE GRANTED

United States Will Assist in Building Up Merchant Marine Through Part Payment

WASHINGTON, June 30.—Legislation to expand the United States merchant marine through direct Government subsidies was signed into law today by President Roosevelt.

The measure provides a system of out-of-pocket Federal subsidies for ship construction and operation in place of the present payments made through ocean mail contracts.

The act provides that the Government shall pay up to 50 per cent of the cost of ships. Operators are to be required ordinarily to put up 25 per cent of the cost. The Government is authorized to lend the remaining 25 per cent at 3 1/2 per cent interest the loans to be repaid in twenty years.

Informal Affairs Held in Connection With Regatta At Royal Victoria Yacht Club—Ball Is Planned for Tomorrow Evening

The Royal Victoria Yacht Club is a busy place this week with so many visitors here for the Pacific International Yachting Association regatta and the programme is filled with events of great interest. The first day of racing ended last night with a flannel dance at the clubhouse and the lights of the yachts in the bay, strings of colored lights in the grounds of the clubhouse and the music of a five-piece orchestra lent a festive air.

This afternoon there will be a large number of tea parties at the club and a flannel dance will be planned for the evening, while tomorrow night the regatta ball will be held at 9 o'clock, after the commodore's dinner, which will be held at the Union Club. The visiting Hollywood cricket team will be special guests at the ball and already an exceptionally large number of tickets have been sold for the affair.

Immanuel W.M.C.

The regular meeting of the Women's Mission Circle of the Immanuel Baptist Church was held recently, with the president, Mrs. C. R. McNeill, in the chair. The devotional period was led by Mrs. Fred Eilers, who spoke on "Influence," reading extracts from Christ's object lessons on influence. Mrs. Beveridge, for the White Cross committee, reported the parcel for India weighed 321 pounds. After the expense for freight had been paid, the sum of \$2.25 had been forwarded for hospital supplies. The missionary topic, "Home Missions," was taken by Mrs. A. H. Morrison. With a blackboard, the speaker pointed out the situation of the mission, the people of which there are many nationalities, their mode of life and the different conditions provided for adults and young people. Mrs. Donald Smith told of the work in the kindergarten, where between fifty and seventy-five children of all nationalities meet every morning and are taught Bible stories, games and handicraft. Miss Ethel Rhodes spoke of the work among the women, many of whom attend the weekly meetings in native costume. Classes are held for teaching the English language, cleanliness, health and care of children. Mrs. George Anstey sang. The July meeting will take the form of a picnic and will be held at the home of Mrs. D. M. Thomson.

Sorority Has Hi-Jinx Party

The Hi-Jinx dinner at the Empress Hotel, followed by the Hi-Jinx party in the theatre of the Crystal Garden, brought yesterday's session of the Gamma Phi Beta Sorority convention to a close last evening. The party was directed by Chapters Nu Chi, Xi and Alpha Lambda of the sorority.

During the day constitutional amendments and changes, additions to by-laws and to standing rules were discussed at the business meetings, and during the afternoon session Mrs. Paul Borland had charge of the "rushing" demonstration, which was followed by open forum for discussion on the subjects of "rushing" and publicity.

A Dominion Day luncheon will be held today at 12:30 p.m. after a morning which will be devoted to active and amusing meetings, and the officers for the ensuing year will be elected during the afternoon. The formal banquet in the ballroom this evening will be the social highlight of the convention, and the sorority flower, the carnation, will be the feature of the decorative scheme.

What typewriters have been doing to shorthand during the last forty years, stenography is doing to shorthand today. A modern "stenographer" uses a stenotype machine instead of a notepad and pen. The Executive of tomorrow are studying stenography today.

THOUSANDS OF STENOGRAPHERS OUT OF WORK . . . but every Stenotypist in the world has a good position.

The average shorthand stenographer takes dictation at 80 words a minute, using a pencil and a shorthand notebook. Stenotypists, using a Stenotype machine take 150, 200, 300 or more words per minute. And that is not all—any Stenotypist can read any other Stenotypist's notes—and any typist can learn to transcribe Stenotype notes in two weeks or less.

Miss Evaline M. Brailey having discarded her shorthand, is now functioning in the office of the Northern Electric Company—Ltd., Vancouver, using the Stenotype machine. Miss Brailey's work involves the taking of highly technical dictation of Mr. H. S. Smith, of the Merchandise Sales Department, as well as other departmental executives.

She has developed this ability without interfering with her regular work; in her spare time, with the Vancouver Stenotype Coaching School, and to use her own words: "I can now take the dictation at a greater speed with absolute accuracy and the greatest of ease."

College Students To Visit Rockies

WINNIPEG, June 30.—En route to the Canadian Northwest, where they will spend a healthy vacation living in the open, a party of twelve boys, under the direction of V. F. Ignatieff, will leave for the West on Wednesday morning over Canadian National lines for Edmonton. The boys are all students at Upper Canada College. They arrived in Winnipeg on Tuesday and spent the day sightseeing.

The party will arrive in Edmonton early Thursday morning and will leave in the afternoon over Northern Alberta Railways for Beaver Lodge, 400 miles northwest of Alberta's capital. After a short spell at Beaver Lodge, the boys will travel by pack horse to Mount Robson, where they will camp for a short time at the base of the highest peak in the Canadian Rockies. From Mount Robson the party will return to their homes in Eastern Canada.

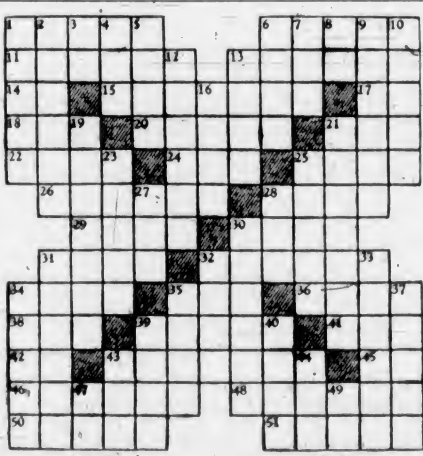

JOHN HOWARD SOCIETY IS AIDED BY RECITAL

In aid of the John Howard Society, the Victoria Male Choir, under the direction of Frank Tupman, gave a recital Sunday afternoon in Memorial Hall.

Rev. C. G. MacKenzie spoke briefly to the large audience on the aims and work of the society, and introduced W. H. Hotham, who also spoke on the endeavors of the organization.

An offering amounting to \$32.55 was taken during the programme. Soloists were Beatrice Floyd, in "The Great Jehovah," by Handel; Fred Arnold, who sang Handel's "Gloria," and H. S. Batey, who sang "The Lord Chord," by Sullivan. The accompanist was Miss Maguinn Daniels. The choir was assisted by a string quartet, composed of Chris Miller, Gil Markson, John Pimm and Herb Bolton.

CURSES ARE HURLED IN LEAGUE CHAMBER

Continued from Page 1

toward the rioters, shouted: "Cease these barbarous and uncivilized methods."

At the close of his long speech, Haile Selassie was heartily applauded and received an ovation from the crowd outside the League Palace as he left.

ITALY'S "SACRED MISSION"

Premier Mussolini also communicated his views to the assembly, through a memorandum, describing Italy's action as "a sacred mission of civilization," in "the spirit of the League Covenant."

It Duce suggested, however, the League "requires adequate reform," and asserted that Italy was willing to aid. The note was read by Premier Paul Van Zeeland of Belgium, president of the assembly, elected to that office today to succeed Edouard Benes of Czechoslovakia.

Haile Selassie spoke in Amharic, translated for the assembly delegates.

"The representatives of fifty-two nations assured me the aggressor would not triumph," he said, after asserting "I did not wish the war that was imposed upon me."

CONFIDENCE ABSOLUTE

"Despite our lack of airplanes, artillery and other modern weapons, my confidence in the League was absolute."

"I never expected the people of foreign countries to have their sons shed their blood for us, but I did expect the League powers to grant me financial assistance so I might purchase badly-needed arms."

Referring to the movement to lift sanctions, he asked: "Does this not mean that you abandoned us to Italy?" Will the world states accept this precedent and bow down before force?

"Imagine the unequal struggle between a country with 42,000,000 inhabitants, provided with all the resources of its industry, and a small country of 12,000,000 without arms, without any assistance other than the League of Nations," he said.

REFUSED ALL OFFERS

"I placed every hope in the League's execution of its engagements, and refused all proposals for personal advantages made to me by Italy to betray my people, conscious that such a plan I was defending all nations against an aggressor."

The Negus rebuked the League for "having failed to afford Ethiopia every assistance provided for in the Covenant." "What becomes of the collective security assured members of the League of Nations under Article XVII?" he asked.

Referring to the proposed abolition of sanctions, he declared the problem was no longer a question of Italy's aggression, but of the League's very existence.

CORROSIVE SPRAYS

Describing the Italian campaign, the Emperor said:

"Italian planes were equipped with corrosive liquid sprays when the Italian army was encircling Makale. Then the planes, in groups of five, ten and fifteen, spread continuous showers of yperite gas over the country."

"From January, 1936, soldiers, women, children, cattle, rivers, lakes and pastures were drenched continuously with gas. These fearful tactics succeeded."

All those who ate affected food or drank poisoned water also succumbed to dreadful sufferings.

"Tens of thousands of victims of Italian mustard gas fell. It was to denounce to the civilized world the tortures inflicted upon the Ethiopian people that I resolved to come to Geneva."

ANGRY IN ITALY

ROME, June 30.—A high official reflected Italian anger tonight at the day's developments in Geneva and called the appearance of Emperor Haile Selassie before the League Assembly a "frameup."

Commenting on the arrest of Italian newspapermen, accused of creating disorder by heckling the Negus from galleries, the official said it created "a very bad impression."

The Press Ministry declined to say what would be the Government's reaction to the arrests.

TO SEEK THIRD TERM AS N.Y. GOVERNOR

ALBANY, N.Y., June 30.—Governor Herbert H. Lehman announced today he will yield to party pressure and run for a third term.

The chief executive of President Roosevelt's home state called newspapermen to his office and gave them a 200-word statement declaring he would "no longer resist the plans of my party both in the state and the nation."

What Today Means

"CANCER"

If July 1 is your birthday, the best hours for you on this date are from 10:15 a.m. until noon, from 3:15 to 5:15 p.m., and from 7:15 to 9:15 p.m. The danger periods are from 8:15 to 10:15 a.m., from 5:15 to 7:15 p.m., and from 9:15 to 11:15 p.m.

Worthy hopes are likely to be realized this day, providing sincere effort is exerted, by you, to help make them realities. Any form of pretence is apt to be exposed, placing the one resorting to it in a very embarrassing position. Sincerity is the all important virtue to practice this day, if you expect things to move smoothly. Ambiguous speech will be the primary reason for most of the day's misunderstandings, particularly where social engagements are involved. The wheel of fortune possibly is going to spin a momentous series of events, which perhaps will have very favorable reactions on your personal affairs. Married and engaged couples, as well as those contemplating matrimony, will be wise to avoid advancing startily new or radical ideas this day, if they do not wish to start trouble.

If a woman and July 1 is your birthday, do not neglect any aptitude you might have in an artistic or literary way. "Never give up hope, for the indications are most favorable for your future. Listen this day to what your friends say, but make use of your ability to do your own planning. You can expect justice being done by you if misconstruction has been placed upon some action on your part. You may be pleasantly surprised by someone you considered rather indifferent. In so far as you are concerned, as you probably have executive ability, you may attain an important position as a business manager or purchasing agent, journalist, educator or musician. Conditions, surrounding your matrimonial life seem most auspicious.

The child born on July 1 generally, from its earliest childhood, is very affectionate and demonstrative. It might be very sensitive and inclined to be slightly emotional. It is likely to be both popular and successful.

If a man and July 1 is your natal day, the graves mistake you can make is to go around with a chip on your shoulder. Do not look for trouble—if you do, you will find it. Be optimistic both in regard to the future and the readiness of friends to be of service to you. As an agriculturist, mining engineer, writer, artist, composer, actor or salesman you may win a worthwhile reputation.

The child born on July 2 will probably, by the time it reaches its teens, show almost a genius for either an artistic literary or mechanical line of activity. Encouragement will be the thing most important for this youngster to receive.

If a man and July 2 is your natal day, you have the gift of being able to accomplish whatever you undertake. You may be overly generous, and too willing to sacrifice your interests in a desire to help others.

As idle chatter is liable to be without foundation.

If a woman and July 2 is your birthday, an excess of pride can prove to be a serious handicap in winning popularity or business advancement. You may be too much of a stickler for customary usages. You will be happier perhaps if you do not take yourself, or others, too seriously. With co-operation on your part Dame Fortune is probably only waiting for the right opportunity to bestow many lavish gifts on you. Money is apt to come to you in a most unexpected manner. As an interior decorator, artist, musician, hostess or author you may make marvelous strides in a remarkably short time. Your conjugal affairs seem to be surrounded by auspicious conditions.

Extraordinary Wealth of Blossom Seen at Duncan

DUNCAN, June 30.—The annual Summer Flower Show, under the auspices of the horticultural branch of the Cowichan Agricultural Society, in connection with the Sweet Pea Festival, opened this morning with a profusion and variety of bloom far in excess of any local display of recent years. While quantities of sweet peas of all colors are much in evidence, this year's delphiniums are of such extraordinary size and such a variety of color, as to attract special notice anywhere.

Some very fine commercial displays are on show besides the many private exhibitors' efforts. Noticeable among the commercial exhibits are the lovely trees of Leyritz Nurseries, the sweet peas and profusion of other Summer flowers shown by Crosland Bros. Seed Farm, R. M. Palmer's attractive display featuring many wonderful flowering shrubs, Mullen in Parvo Gardens with lovely delphiniums and a wonderful showing of sweet Williams, and the display of a new exhibitor, the Mala Seed Farm.

The display of delphiniums shown by P. B. Carbery exceeds any ever shown locally.

CROWD CHURCH FOR CEREMONY

Matriculation Diplomas and
Certificates Presented at
Ladysmith

LADYSMITH, June 30.—The
United Church was crowded to the
limit last Friday evening with guests
and friends to witness the colorful
ceremony, when sixteen high school
graduates received matriculation di-
plomas and five others received
commercial certificates.

The graduating class included, in
alphabetical order, Eino Alton, Thel-
ma Carlson, Douglas Gill, Roderick
Glen, Grace Greenwell, Genevieve
Kenney, Joy Lang, Joseph Norn,
Max Popovich, Marion Quayle,
Kenneth Radcliffe, Margaret Rod-
ger, Hermione Spurling, Betty
Thomas, Ralph Tully, and Robin-
son Wilson.

Commercial certificates were
awarded to Helen Andronis, Verna
Godfrey, Walna Joyce, Winifred Mc-
Bride, and Granville Winstanley.

PRIZES FOR YEAR

Prizes for outstanding class work
during the year were presented to
Thelma Nelson, Grade 9; Helen Mc-
Bride, Grade 10; Harry Porter,
Grade 11; Winifred McBride, Grade
12, while a special prize for excep-
tional work in the High School was
given to Gertrude Nelson.

T. Spargo, principal of the High
School, was chairman of the even-
ing, while Chairman W. Cullum of
the school board and Mrs. W. W.
Walker presented the diplomas and
certificates to the students. Mrs.
Walker gave each graduate a cor-
sage bouquet and was herself the
recipient of a nice bouquet from the
students during the evening. Gertrude
Nelson read out the class
letter, while each graduate in
turn bowed acknowledgment to the
cheering audience.

Vocal solos were given by Sheila
Akenhead and Joy Lang, and Doro-
thy Haworth, Lavorne Steel and Ed-
win Love were responsible for the
pianoforte solos.

TIMELY DANCE

B. A. McKelvie, managing editor of
The Daily Colonist, as guest
speaker, in congratulating the grad-
uates, gave a humorous and im-
mature report upon his school-day ex-
periences in Ladysmith. In a more
serious vein, he offered some timely
advice to the graduates who were
embarking upon a further educa-
tional adventure. Life was one long
lesson, with experience the vital
teacher. Probably the quintessence
of the Chinese philosopher, in his
English translation, "Look, see,"
summarized the greatest lesson one
could offer to young people upon the
threshold of life. It was part
of the business of successful living,

CULBERTSON ON CONTRACT

CLOSE PENALTY DOUBLES

In either making or leaving in a
penalty double careful consideration
of partner's bridge mentality is
vital. If you are considering dou-
bling you must first appraise part-
ner's previous bids or passes from
the viewpoint of dependability, but
also must gauge his defending
ability, which includes the opening
lead if it must be made by him.
Patently, close doubles are absurd
with a partner who is apt to drop
from one to three tricks in the
play, and especially against a de-
clarer who, you know, will get
every ounce out of the cards.

If the question is whether or not
to leave in a double made by your
partner, the problem is simpler, but
none the less existent. You may
know partner to be a "hair trigger
doubler." In that case, if a bid or
a raise that you have made, and on
which he probably is depending,
was based on a merely self-protecting
move, it is better to take the
double off. In today's game a vul-
nerable game was conceded by
South's failure to follow this safety
first policy.

Troops Leaving for Vancouver

Yesterday, aboard the H.M.C.S. Skeena and H.M.C.S. Vancouver, approximately 700 members of the permanent and non-permanent militia left for the Mainland city where, with detachments of the navy, they will participate in the celebration today of Vancouver's Golden Jubilee. The above picture shows members of the 1st Battalion, Canadian Scottish Regiment, going aboard the Skeena at Ogden Point Pier. The Skeena left at 2 o'clock yesterday afternoon and the Vancouver left at 10 o'clock in the morning, proceeding to Nanaimo to pick up the U-Island contingent. Ships and men will return tomorrow.

stories and histories that lay be-
hind the surface of things. He
asked the students to think of that
significant expression, to keep it be-
fore them as they moved their vari-
ous ways in the world, and he was
confident the observance of that
simple rule would prove of im-
measurable help.

SUPERVISOR SPEAKS

A. S. Towell, supervisor of schools
at Nanaimo, spoke later, and ad-
mitted frankly he was a propagand-
ist for the establishment of the
junior high school system in British
Columbia. Selecting as his keynote
the phrase, "Wisdom and Virtue,"

he insisted there was guidance
enough in these words to define
the pathway of rectitude. Wisdom
lay in determining the best thing
to do, and virtue lay in doing it.
The speaker indicated that changes
were taking place which made ju-
nior high schools for British Col-
umbia a probability within a few
months.

Invited guests and others ad-
joined to the Roberts Street Hall
for an informal social hour and re-
ception.

COMEDY SUCCESS NOW AT CAPITOL

Fred MacMurray and Carole Lombard
Reunited in "The Princess
Comes Across"

"The Princess Comes Across," first
film to reunite the screen sweet-
hearts who made their bow together
in "Hands Across the Table." Is
bright, sparkling entertainment of the
romantic comedy order.

Fred MacMurray and Carole Lombard
skip their way through a story
kept at high-tension by intrigue and
a double murder mystery.

The picture, now at the Capitol
Theatre, presents Miss Lombard as
a beautiful American girl who poses
as a Swedish princess in order to
land a film contract. Aboard a
trans-Atlantic liner, on which all
the action of the picture takes
place, she meets MacMurray, the
leader of a swing band.

The romance begins immediately
after the concertina-playing band
leader and the phony princess bicker
for the ship's royal suite. It is dis-
rupted almost at once by the first
of two murders.

Five international detectives, en-
route to New York to attend a con-
vention, are enlisted in a hunt for
the criminal. Never for a moment
lacking its fast comedy pace, the
story leaps from suspense to ro-
mance; from blackmail to concert-
ina serenades; from a ship's party
and swing music to drama.

"Lady of Secrets" Opens on Thurs-
day—Ruth Chatterton Has
Leading Role

What has happened to the child
music prodigy of a generation ago?
At least two of them—Ruth Chat-
terton and Otto Kruger—have be-
come stage and screen stars. While
making "Lady of Secrets," the Col-
umbia picture showing tomorrow
at the Plaza Theatre, the star and
her leading man reminisced about
their youthful accomplishments.

Miss Chatterton, at the age of
nine, gave a piano recital in Car-
negie Hall, New York. Otto, when
twelve years old, conducted the
manned symphony orchestra of
Toledo, Cleveland and Chicago in
a rendition of the "William Tell"
overture.

Both Kruger and Miss Chatterton
have retained their love of music,
but each has continued that art
as an avocation rather than as a
career. The actress turned to the
stage when she was fourteen, while
Kruger went to acting after at-
tempting a half-dozen assorted oc-
cupations.

Today Kruger is a non-professional
one-man band. He plays the vi-
olin, piano, tuba, viola, mandolin,
flute, piccolo, guitar, ukulele and
French horn, but only for his own
amusement and his friends' amuse-
ment.

Miss Chatterton still plays the
piano very well. She has an ex-
cellent and carefully-trained color-
atura soprano voice. Occasionally
she tries her hand at composing.

POPULAR RADIO MAN IS VISITOR

Thomas Freebairn Smith,
Former KJR Announcer,
Here From Hollywood

Thomas Freebairn Smith, with the cheery voice that nightly tells dialers they are listening to "KNX, The Voice of Hollywood," thinks that within a comparatively short time Hollywood will become the centre of radio activity.

Interviewed last night at the Oakbay Beach Hotel, where he is staying while the Hollywood Cricket Club team is here, Mr. Smith disclosed that KNX, recently acquired by the Columbia Broadcasting System, may soon be releasing Columbia programmes.

At present, with the Don Lee system holding the Columbia release rights on the Pacific Coast, KNX cannot broadcast Columbia programmes. However, Mr. Smith said that KJL, Don Lee's key station in Los Angeles, would forfeit the rights now held in order to join the Mutual Broadcasting System. In that case, KNX will soon be broadcasting programmes regularly heard over Columbia affiliates on the Coast.

NORTHWEST STATIONS
Mr. Smith pointed out that Columbia would in all probability arrange for stations in the Pacific Northwest. He said that with programmes turning more and more to screen favorites as radio artists, with the added facilities in Hollywood, the screen capital would soon replace New York as the nerve centre of radio production.

For young men going into radio work, either as writers, producers or announcers, the opportunities are few and far between, he stated, but within a year there would be more chances. Advertising agencies were hiring men for this work, said Mr. Smith.

IS WELL KNOWN
"Tommy" Smith is well known to Victoria radio audiences. Starting out as an announcer and actor at KJL, Portland, in 1929, he joined the staff of KJR, key station of the American Broadcasting Company. He left the Seattle station when it was acquired by N.B.C. and then went to Los Angeles. He joined the staff of KNX soon after and was recently awarded an Academy of Arts and Letters award for distinction.

"Tommy" is best remembered here for his association with the old "Mardi Gras" programme broadcast some years ago in Seattle, with Al Schuss as director and announcer. The latter, Mr. Smith said, went to Washington as a United States "G-Man," but later returned to radio in Chicago as "Alan Hale." He is at present broadcasting in Milwaukee.

Mr. Smith likes Victoria, but "if I'm going to stay here, I want to remain in the South," he said.

News of Mines

(Continued from Page 1)

Nickel exports from Canada during the five months ended May 31 totalled \$19,320,000. This compared with \$12,700,000 during the corresponding period of 1935. This illustrates the rate of growth of this branch of the Canadian mining industry.

International Nickel will make a capital expenditure of about \$12,000,000 this year, increasing refining facilities at Port Colborne by about 45 per cent.

McWaters is producing about \$55,000 to \$60,000 per month at present. The production for the

first quarter of the year was \$109,000 from 8,000 tons of ore. Diamond drilling, 800 feet from present workings, recently intersected a narrow section of high grade and this may open the way for extension of development of the property.

Argoey has been rechecking the underground workings, and although ore has been developed steadily and the mine has been made ready for production, yet the indications now are that what was considered to be No. 3 vein at the 500-foot level is another deposit and that No. 3 still remains to be developed.

O'Brien has opened an ore shoot about 300 feet in length at the 9th level. Some of this is very rich, although not like the more spectacular material encountered a short time ago.

Split Lake was delayed a few days by water trouble in the shaft, but the shaft has now been cemented and sinking to the second level is in full swing. An independent engineer sampled No. 5 vein where cut in the crosscut at the first level and determined a gold content of \$23.10 to the ton. The Split Lake shaft is expected to reach the second level by July 10. Officials announce important mineralization between 120 and 150 feet in the shaft, with much samples running from low to very high grade.

Hollinger Consolidated has increased mill operations to a rate of close to 160,000 tons per month—a rate far ahead of any other gold mining enterprise in Canada.

MacLeod-Cockshutt will have equipment installed to commence sinking by power within the next week or so, and plans to be down over 400 feet before the end of September. The indicated ore on this property has recently been added to and a pile of considerable size appears to be in the making.

Paymaster Consolidated—In drifting west at the new 1,450-foot level from the No. 8 shaft, Paymaster Consolidated Mines is obtaining excellent results, according to reports received at the head office. Face assays from successive rounds have given values as follows: June 12, 24 inches, 1.06 ounces; June 13, 18 inches, .69 ounces; June 15, 12 inches, .75 ounces; June 16 (in the sheer), 8 inches, .06 ounce; June 17, 72 inches, .94 ounces; June 18, 24 inches, .204 ounces; June 19, 80 inches, .33 ounce; June 20, 23 inches, .793 ounces.

Ymir Yankee Girl—Directors declared interim dividend of three cents per share, payable August 1 to shareholders of record July 10. This is the second dividend distributed on interim basis, the first being two cents per share paid February 1. The company is on a steady earnings basis, with a new high production record established in May at \$47,250 from 3,898 tons milled. The mill is handling 130 tons daily.

McIntyre Porcupine—J. P. Bickell, president of McIntyre Porcupine Mines, Ltd., speaking to shareholders at the annual meeting, stated that in its twenty-fourth year the company's financial position has shown greater improvement than in any previous similar period in its history. R. J. Ennis, general manager, stated that work below the 3,875-foot level during the past three months has been attended by good results, and that the problems which presented themselves on levels 33, 49 and 44 have been overcome and the picture is now rounding out. Since the date of the report when this work was 37 per cent in ore, it is now 40 in ore. Work on the 5,375-foot level, he pointed out, gives assurance that this is not the bottom of the mine by any means.

The longest ocean wave ever measured with any degree of accuracy was observed on the Atlantic a little north of the equator by a French admiral. Its length was estimated at more than 2,700 feet.

CHAPTER XXV—

It was a pleasant week-end in the sunshine. The girls made a pretty picture in brilliantly colored pajamas, slacks and shorts.

Gay tried to feel the warmth and sincerity of their friendship, but again she felt as if she were an outsider, looking in at smart worldly people whose talk was clever repartee, and who made crude remarks about the people who weren't there.

"Barbara married terribly beneath herself," Frances said. "We won't be seeing much of her any more."

Margo pursued the Swedish count and Frances retallied impudently by flirting with Fred.

When the launch brought them ashore Monday morning, Gay was glad that the week-end was over. After saying good-bye to her guests, smiling a little wearily at them, she rode back to the penthouse with Millicent and Greg, thinking that her life when she was married would be an endless series of such week-ends, entertaining people whose sole purpose in life was to be entertained, smoothing lovers' quarrels and watching wives flirt with other women's husbands.

Millicent said, "My maid is packing and I've made plane reservations to Florida. I hope the house is nice, Gay. You can keep open house in season and have the most amusing people to entertain."

"You won't ever be bored," she was thinking, bored and tired. She wanted to see Penny, and talk and laugh with Penny, who had no malice in her for anyone and who was amusing without effort.

Greg put his arm around her. "Mother wants you to be glorified hostess to the world. You should be, darling. You put people at ease and listen beautifully. When Mother leaves, I'm going to run down and take a look at the Fidelity again."

"It's in love with that boat," said Millicent.

Gay said, smiling, "Please don't love the boat too much, Greg."

"Will you be lonely here without me?" Millicent asked.

"I'll miss you."

But she would go to see Penny and Mac and talk about Chris' play and feel as if her heart would burst.

She would sit opposite Penny in the small shabby room of love and talk about Penny's baby, who would have a mother to instill in it values and ideals, and not a series of efficient nurses and governesses.

Millicent and Greg left together. Gay got out of the rumpled sports clothes and put on a dark dress and hat.

Her thoughts were crowded and confused in the penthouse. The personalities of Millicent and Greg were so alive. She went out and walked down the avenue and thought of Chris as he had walked beside her in the long ago that was last winter. "Chris," his voice, his deep laughter, his remarks...

At hazy blue twilight, people hurrying toward home failed to notice a tall girl with bright hair, standing before a billboard. Nor did they notice the tears on her lashes as she read, "We'll Meet Again," by Chris Mallory. She was saying to his name, "I love you, but I'll never have you now. I'm going to be hostess to the world, my dearest, and my husband will gradually love his shining white yacht more than he loves me. I shall always be surrounded by people and I shall always be lonely."

"We'll Meet Again," he had written. He had shouted it to the world through his play. Was it a challenge?

En route to the theatre the night the play opened, Greg said, "Mother likes the house in Miami, but there are certain legal entanglements she wants me to see about and she wired for me to come down." He smiled at her. "It occurred to me today that perhaps we might be married in Florida and avoid a lot of publicity."

Gay, her chin in the collar of a white satin coat, turned her eyes toward him quickly.

Millicent wants us to have a free wedding.

"I'm not keen about it. We could fire your mother to come to Florida and we could be married in the new house. I could have the yacht sent down. We're going to be married only once, my dear, and I think a wedding is a rather private affair. I'll get a plane tomorrow and you can come down when you think you have all the dresses you need."

"As you wish, Greg."

"I'm afraid I can't share your love of display," said Gay.

He laughed at her seriousness again. "I never believed in hoarding. I want you to wear all the jewels I give you and never wear the same dress twice."

When the car stopped at the theatre and they alighted, news photographers snapped their pictures. People on the sidewalks, hungry for glimpses of theatrical and social celebrities, cried, "There's Gay Van Avery!"

She was on the crest again, she thought, as they walked into the theatre and people nodded and smiled at them. On the crest, but her heart and mind for days had echoed with the words, "We'll Meet Again," written to her across the sea by Chris Mallory, who wasn't here tonight and who cared nothing for fame and adulation, while she was on display as another beautiful thing the Randolphs possessed, like their yacht and penthouse and the new house in Florida.

In the box she turned and tried to find Penny. Yesterday, Penny had said, "I'll probably sit in the balcony because I don't have a new dress. But I'll wear my red dress so you can find me. Gay, before the curtain goes up, say a little prayer. It means so much to—to all of us."

Then, through the glasses, she saw a dark and dancing dark bangs high in the balcony. Penny looked both excited and frightened. Her sweet red mouth was trembling.

Then Gay saw Mac's lean figure before him. They looked at each other long and tenderly and said something. Gay thought, "Penny and Mac have what Mother calls the most important thing. I'm going to miss the most important thing and feel empty and shallow when I see people like them."

Greg touched her arm. "You're cold, Gay. One would think you had a personal interest in this play."

"It is a success," she said quietly. "It will be a well-deserved success for the man who wrote it."

There was not a rustle of noise in the packed theatre. Gay seemed scarcely to breathe. In concern for Chris, in love for him, she missed long passages of dialogue and some of the plot. But what forced itself upon her consciousness was that Chris himself, in the person of a young actor, was speaking to her the way he would speak and giving to it such force and power and greatness that she was shaken and there were moments when she felt she could bear it no longer.

A deep dramatic voice cried out to her, "I'm not offering you luxury and amusement and pleasure! That's not life. It's only playing at it. But I love you and I want you to stand and live beside me, taking some of the plot. But what forced itself upon her consciousness was that Chris himself, in the person of a young actor, was speaking to her the way he would speak and giving to it such force and power and greatness that she was shaken and there were moments when she felt she could bear it no longer."

Gay felt alternately hot and cold. This wasn't a theatre and this wasn't a play. She was talking to her, talking again.

"There are some men for whom there is only one woman. To take another is to feel unfaithful even when one isn't legally bound. Nothing has been more abused than love. I can't make a pretty speech to you because that isn't my language. When I say, 'I love you,' I wish it had never been said before because it has been abused so much." And again, less violently, "You'll have to decide which life you want. Life with me will be inconspicuous but it will be free. Not a penthouse in New York and a villa in France. It will be a flat in New York when we're there, a room with a balcony in Nassau, and a small room at Capri where we can look at the sea."

She smothered a sob and bit deeply into her lip. She could not see for the tears and her heart ached with responses she could not make.

"Chris, you weren't there the night of the charity ball, and when the way was black ahead, Greg was there! He is sweet and kind. No, I don't want to be mistress of a dozen houses and hostess to restless, pleasure-seeking people. I want to be like Penny!"

RANKING BRITISH NET STARS ARE ELIMINATED

England Captures First Test Match Over Visiting XI

Nine-Wicket Triumph Over India Fails to Impress Old Country Supporters—Gimblett and Turnbull Bat Well

LONDON, June 30 (P).—England claimed the year's first test cricket win over India tonight, but its nine-wicket victory over a team that has failed to cause a stir in first-class matches in this country has failed to impress.

The Indians were "shy" on batting strength and accuracy. Critics and others predicted the English players would literally "swamp" them. They had shown strong bowling prowess, and it was mainly a fight between bowlers until the first day, when the Englishmen found their batting eyes and scored 108 runs for loss of only one wicket to assure victory.

Rain interfered with the three-day contest. A Friday night downpour left the pitch soggy for the first day's play, and overnight rains Sunday and Monday canceled before-noon sessions.

BOWLERS DOMINATE
G. O. Allen, captain and Middlesex star, was the leading bowler, taking in all ten wickets for 78 runs, while Amar Singh, who was allowed to play for India although a Lancashire League player, sent fast, swinging deliveries that stilled the English bats for the first two days, allowing thirty-five runs for six wickets. He was not up to form in England's amazing second innings and yielded thirty-six runs without a wicket falling.

The most sensational play of the test was seen in the final hour, when H. G. Gimblett, Somerset amateur, and Maurice Turnbull, professional with Glamorgan, teamed to score 104 of England's 108 final-

innings runs. Gimblett struck out for 67, not out, and Turnbull 37, not out.

Gordie Wallace Wins Decision Over Jones

Retains Canadian Welterweight Crown by Pounding Out Verdict Over Colored Youngster—Preliminaries End in Draws

VANCOUVER, B.C., June 30 (P).—Gordon Wallace, of Vancouver, Canadian welterweight champion, pounded out a decision over "Sonny" Jones, Vancouver, in a twelve-round championship bout here tonight.

Wallace weighed 145½; Jones 142½. An even-money contender in the betting, Jones fought a cool, heady fight and appeared to have gained a world of experience from a successful Eastern campaign, but found this was not enough to get a win over the elusive Canadian champion. Starting at a fast pace, they mixed freely and punched recklessly, but in only two rounds did the challenger have a definite edge.

Wallace fought in intermittent bursts and the negro was hard pressed to weather some of the barages which the champion laid down.

For the first three rounds they fought cautiously, stabbing with fists and keeping well covered. **WALLACE CUTS LOOSE**
Until the eighth round it was anyone's fight, but from then on Wallace tore in with reckless abandon and had the sturdy negro covering at times. In these last rounds, Jones absorbed punishment galore, but bared in, punching recklessly. He found Wallace a very elusive target for his hard rights.

Other than a slight bump over the challenger's right eye, there were no injuries and no knockdowns. Both fighters appeared cool and unexcited at the end.

The preliminaries, which drew a big hand from the crowd of 3,500, all ended in draws. Julius Troll, 138, Vancouver, and Red Gray, 138, Vancouver, fought four tough rounds to a draw.

Ernie Swartz, 126, Vancouver, managed to eke out a draw over the flailing gloves of Bobbie Jones, 126½, of Moose Jaw. Al Ford, of Vancouver, and "Frenchy" Beaudin, of Montreal, both 141 pounds, went apiece from the crowd in a four-round slugfest to a draw.

In the six-round semi-final, Hector McDonald, 145, Vancouver, in a comeback fight after a three-year lay-off, danced a jig around Truman Kennedy, 135, Bellingham, 19 win a unanimous decision.

The sixteen best net scores will qualify for the trophies. There will be other fights and prizes according to the number of entries. In the qualifying round, half the combined handicaps will be allowed, and in playing off the flights, three-eighths of the difference in the combined handicaps will be allowed.

DOROTHY ROUND AND KAY STAMMERS LOSE AT WIMBLEDON MEET

Hilda Sperling Defeats 1934 Champion in Straight Sets and Jadwiga Jedzejowska Puts Out Attractive Left-hander—Crawford and Quist Dethroned as Doubles Champions

WIMBLEDON, England, June 30 (P).—Britain's hopes of regaining the women's singles tennis championship were shattered today as her two chief hopes went down to unexpected defeat in quarter-finals matches.

First to fall was Kay Stammers, attractive left-hander, who was outclassed by Jadwiga Jedzejowska, Poland. The Polish star was too consistent for Miss Stammers and won rather easily, 6-2, 6-3.

Dorothy Round, champion in 1934 and favored equally with Helen Jacobs of California, to come through this year, carried all Britain's hopes as she stepped onto the court for her match with Hilda Krahwinkel Sperling, of Denmark. She was defeated, 6-3, 8-6.

CHAMPIONS BEATEN
A third blow to Empire hopes was sustained when the Australian doubles pair of Jack Crawford and Adrian Quist, holders of the championship, went down in a third-round match before the wild old firm of Borotra-Brugnon. Jean Borotra and Jacques Brugnon put on a spirited display reminiscent of the days when the Davis Cup appeared to have found a permanent home in France. They conquered the Australians, 3-6, 7-5, 2-6, 9-7, 6-2.

Helen Jacobs had considerable difficulty in eliminating the popular Chilean, Anita Lirana, 6-2, 1-6, 6-4. The fourth player in the women's semi-finals will be Mme. Simone Mathieu, France, who defeated Marie Louise Horn, Germany, 7-5, 6-3.

In other men's doubles matches, G. P. Hughes and C. R. D. Tuckey, British Davis Cup doubles team, defeated Bryan "Bugs" Grant and Gerald Stratford, United States, 7-5, 6-8, 6-2, 7-5, while the American doubles little-known, Wilmer Allison and John Van Ryn, divided four sets with the Germans Baron Gottfried von Cramm and Heimer Henkel, before darkness halted play. The Germans won the first and fourth sets, 6-4, 6-3, and the United States players the second and third, 10-8, 6-4.

Fred Perry and H. W. "Bunny" Austin watched their female competitors go down to defeat from the sidelines, as they rested for their semi-final singles matches tomorrow. Perry meets Don Budge, of California, and Austin encounters Von Cramm.

MAKER FINE COMEBACK
After trailing, 3-5, in the second set, Miss Round made a great comeback, but she finally fell a victim of her opponent's steady slugging from the baseline. The former champion held up play five minutes in the second set to borrow a pin from a photographer to fix her shoulder strap much to the crowd's amusement.

Miss Round had a greater range of strokes, but Frau Sperling's relentless retrieving turned many of the British's best shots into losing points and she had Dorothy shaking her head in helpless amazement. The plump Polish star with the unpronounceable name had the better serve and was more content with the depth, speed and accuracy of her drives than Miss Stammers. She finished the match

Yankees' First Baseman Hits Two Homers to Strengthen Position
By the Associated Press
Pounding the ball at a 500 clip in a double-header with Boston Red Sox, Lou Gehrig, of New York Yankees, strengthened his position at the top of baseball's Big Six yesterday as he boosted his average up to .400, a gain of two points. He got three hits, two of them homers, in six official trips to the plate. At the same time, Stu Martin, of the Cardinals, the only other member of the group in action, dropped down to third place in the National League run when he connected with only one safe blow in seven times at bat.

The standings:
O. A. B. H. P. R.
Gehrig, Yankees 10 20 25 25 100
Rader, White Sox 22 31 2 75 173

GOLF FACTS
NOT THEORIES
By ALEX MORRISON
It is not the fingers and thumbs that are two distinctly separate classes. Each group has its characteristics, and there is no meeting of the two. One thing that will enable you to tell the winner from the filler is the kind of club used. The player who swings his way around the course uses a comparatively light club. The fellow who feels that he must beat the ball around prefers a heavy club. His picture of power, something like a battering ram pounding into the ball, and naturally the heavier the ram the more force at impact.
He doesn't stop to consider the difficulties connected with handling this extra weight. It brings into play muscles that are supposed to be making of a smooth, easy swing muscles that shorten and contract as the action progresses.
On the other hand, the swinger with his lighter club, points toward speed and accuracy. The club is so balanced that he can swing it at faster speeds and at all times control it with the proper muscles. Give lighter clubs a trial.

Young soldier on humanity's field of honor, to you! Do your best. Be valiant! Be just! Be confident. You are serving a good cause under a good leader.

AGAIN HEAD OF CANADIAN NURSES

Miss Ruby M. Simpson, of Regina, Re-elected at Vancouver Convention of Association

VANCOUVER, June 30 (P)—Miss Ruby M. Simpson, Regina, director of public health nursing in the Province of Saskatchewan, was automatically re-elected president of the Canadian Nurses' Association at convention sessions here yesterday. She was the unanimous choice of all provincial associations.

Miss Elsie J. Wilson, Winnipeg, was re-elected honorary secretary. Other officers will be chosen at convention sessions Saturday morning.

Membership of the nine federated units has increased 16 per cent in the last two years to a total of 11,047, according to the report of Miss Jean S. Wilson, Montreal, executive secretary of the organization. Miss Wilson outlined work done by the executive committee of forty-four members since the last general meeting at Toronto in 1934.

How It Started

By JEAN NEWTON

RAGAMUFFIN
Ragamuffin, defined by Dryden as "a paltry or disreputable fellow, a mean wretch," has undergone a great modification in sense from this, its first significance.

Originally, we have the word after Ragomotin.

Ragomotin was the name of an evil spirit or demon in connection with which our great grand-fathers look pleasure in shuddering with horror and without whom no old-time mystery story was interesting or complete.

In that slow, inexplicable but certain way that time has, the meaning of the word gradually changed from that of an unholy, vicious, supernatural creature till it came to indicate simply a person clothed in rags.

Let a man get the idea that he is being wronged, or that everything is against him, and you cut his raring capacity in two.

Jane Dixon Says:

A HUSBAND WHO WILL LIE AND STEAL FROM HIS OWN NEEDS HEROIC TREATMENT—THIS IN ANSWER TO A WIFE WHOSE HUSBAND STEALS HER GROCERY MONEY

Jane Dixon: Would you be kind enough to say what you think of a husband who doesn't stick to the truth and who steals his wife's grocery money, the only money she gets from him?

Please do.

Answer: Liars and cheats who are alien to one's home are bad enough.

But when one has to live with them, to be associated with them, in a relation as intimate as marriage, they are an irritant that allows no rest to body and soul, a burden that becomes unbearable.

No "man" steals from his wife.

The creature who does steal from the woman he has vowed to love, honor and protect, is a beast who walks like a man. Even beasts of the field and the forest are the superiors of such a creature, for we have only to observe their domesticity to discover that the male of the species will fare forth and carry to his mate the food he can forage.

Many times loyal and loving husbands and wives tell one another little white lies.

Not lies exactly, but the harsh truth with the edged trimmed and the sharp angles softened so that one or the other will not be too much hurt, or that strife will not break out in the family circle.

In other words, we try to temper the truth.

But, if we are honest men and women, true husbands and wives, we stick to the kernel of the truth, and dress it up with detail, much as a good housewife, having to deal with a plain potato salad, trims it with parsley sprigs and crisp lettuce leaves and rose radishes and quarters of red ripe tomato.

Maybe you don't like potato salad, but you take it because of the intriguing trimmings.

On the other hand, if you should be handed a plate of potato salad with the promise, "Then I would tell him the most fantastic, absurd and utterly unbelievable story I could think up, and I'd be indignant if he didn't appear to believe it."

A husband who will lie and steal from his own needs heroic treatment.

Were I the wife of such a husband I should be on guard.

When he told me a lie I'd say, "That's good fiction, but wait until I tell you a story." Then I would tell him the most fantastic, absurd and utterly unbelievable story I could think up, and I'd be indignant if he didn't appear to believe it.

As for the theft of the grocery money—that is getting into the lower brackets of despicability. A thief is a thief, and when he steals from his partner in life, he is far below decent persons that decency needs a microscope to look down on him.

P.S.—If you're going to carry on such a partnership, please find an original cache for your grocery money. Or put it under lock and key—your carrying the key.
